

We feel that every patient in our practice deserves to have a healthy smile and beautiful smile. We are excited to offer our patients a unique program we call **Professional Teeth Whitening for Life**.

This program is extended to patients who have proven themselves as individuals who take their oral hygiene and general dental health seriously. At Agave Dental, we believe it is extremely important to maintain recommended hygiene care appointments and receive necessary dental treatment to maintain a healthy and beautiful smile. In fact, patients who maintain regular hygiene appointments and receive recommended treatment spend less money on dental care (on average) than those who only see the dentist when they perceive a problem exists.

When you come to our office for your preventive examination, x-rays and hygiene maintenance, we will provide you with bleaching trays and materials for a one-time enrollment fee of \$107. At each recommended preventative visit, we will then give you one complimentary touch up tube of bleaching gel. This program ensures that you will be able to keep your teeth bright and beautiful for life!

Below is a brief description of the qualifiers for this program and what we ask for continued participation.
